Hi Shaun,

Thank you for the great work you and the team have done on our recent campaigns. Your professionalism and attention to detail has been fantastic and have made you a pleasure to deal with. We were more than pleased with the number of leads generated considering the challenge of contacting senior executives in the largest companies in ANZ.

Your efforts have generated some great results for us in driving attendees to our events and uncovering new whitespace leads for our sales team to follow up on.

We would be happy to recommend your services to any company that is serious about getting their message directly to the right decision makers.

Regards,

Craig Todd  
Marketing Manager - ANZ
